About Me

As a diligent and enthusiastic web developer, I am currently advancing my skills through ongoing studies. Proficient in web development, I bring a hands-on approach to crafting dynamic and responsive web solutions. With a commitment to staying abreast of industry trends and a passion for creating seamless user experiences, I am poised to contribute to innovative projects and thrive in collaborative environments.

Experience

Project on Food ordering Website

"Web Developer with expertise in designing and implementing dynamic, secure food pizza ordering systems using PHP and MySQL. Demonstrated skills in user registration, login, and seamless order processing. Developed user-friendly features, including a shopping cart and order history, and implemented an efficient admin panel for menu management. Prioritized security through input validation and prepared statements. Showcase of proficiency in PHP, MySQL, and creating secure, user-friendly web applications."

Fashion Show Coordinator and a Publicity head in college

Former College Fashion Show Coordinator and Publicity Head with strong organizational and leadership skills. Orchestrated high-profile events, managing logistics, coordinating with designers and models, and ensuring seamless execution. Leveraged strategic marketing and communication techniques as Publicity Head to effectively promote events. Enhanced event management, coordination, and promotional abilities, contributing to a dynamic skill set for new professional opportunities.
